

Keynote Speakers

E. Denis Wilson, MD

developed the concept of Wilson's Thyroid Syndrome

in 1988 after observing people with symptoms of low thyroid and low body temperature, yet who had normal blood tests. He found that by normalizing their temperatures with just T3 (without T4) their symptoms often remained improved even after the treatment was discontinued. He originated the use of T3 mixed with a sustained-release agent, also known as "sustained-release T3". Over time he fine-tuned the intervention to arrive at the WT3 protocol. MDs, NDs and DOs have used the protocol with their patients with similar successful results.

Dr. Wilson is the author of a book for patients, *Wilson's Thyroid Syndrome: A Reversible Thyroid Problem*, and the *Doctor's Manual for Wilson's Thyroid Syndrome*.

Michael Friedman, ND

developed natural medicines to treat WTS. These medicines

have minimal side effects. He has also created herbal products for the treatment of hyperthyroidism, asthma, diabetes, migraines, and hypertension. He was the principal investigator of a diabetic research project. He is a former professor of endocrinology at the University of Bridgeport. He is the author of an upcoming medical textbook *Fundamentals of Naturopathic Endocrinology*.

Restorative Medicine 2nd Certification Training Seminar Seattle, Washington

October 14 - 17, 2004

with certification in

- ~ The Treatment of **Wilson's Thyroid Syndrome** with WT3 Therapy
- ~ The Use of **WTS Medicines** (natural medicines)

Special guest lecturers
give a practical approach to
orthomolecular psychiatry &
various endocrine disorders

www.WilsonsThyroidSyndrome.com

Featured Guest Speakers

Abram Hoffer, MD, PhD

is the Editor of the Journal of Orthomolecular Medicine.

Dr. Hoffer is the President of the International Schizophrenia Foundation. He's written 20 books & 600 publications.

Orthomolecular medicine was conceptualized by double Nobel laureate, Linus Pauling. Based on biochemistry, it corrects imbalances or deficiencies on the molecular level using vitamins, minerals, amino acids, enzymes, hormones and essential fatty acids. Dr. Hoffer worked with Dr. Pauling.

Warren Levin, MD was the first MD to do chelation therapy in NY. He's on the Board of

Governors, International College of Applied Nutrition. Dr. Levin was the Principal Investigator for a clinical trial on growth hormone and aging.

Guest Speakers

Suzanne Chrisco-Wilcox, CNM

Ryan Drum, PhD

Eduardo Garcia, ND

Pamela Hutchinson, ND

Roy Kupsinel, MD

Stephanie Wilson, ND

Cancellation Policy

Before September 30, seminar fees will be refunded less \$50 processing fee per registrant. No refunds will be given after September 30. Please make all refund requests in writing.

Seminar Schedule

Thursday, October 14, 2004

- 7:30am Registration
- 8:00am Introduction, break into groups - meet each other
- 8:15am Overview of Wilson's Thyroid Syndrome
- 8:30am LioThyronine (T3) (WT3 Therapy for WTS)
D. Wilson, MD
- 12:00pm Lunch "on your own"
- 1:30pm Thyroid Terminology & Review, M. Friedman, ND
- 3:00pm WT3 Case Studies, S. Wilson, ND
- 4:00pm "On your own"
- 7:30 to 9:30pm Pearls & Nuggets for Clinical Practice, TSH - What Drs Don't Know; EFA Metabolism-W. Levin MD

Friday, October 15, 2004

- 8:00am History of T3 & T3 Research, M. Friedman, ND
- 10:00am Hashimoto's Dz, WTS, Botanicals, Friedman, ND
- 11:00am Thyroid Dysfunction & botanicals, R. Drum, PhD
- 12:00pm Lunch "on your own"
- 1:30pm WT3 Therapy for WTS, D. Wilson, MD
- 3:00pm WTS Medicines Case Studies E. Garcia, ND
- 3:30pm Graves Disease Case Studies, P. Hutchinson, ND
- 4:00pm "On your own" *
- 7:30 to 9:30pm Orthomolecular Psychiatry Fundamentals
Abram Hoffer, MD

Saturday, October 16, 2004

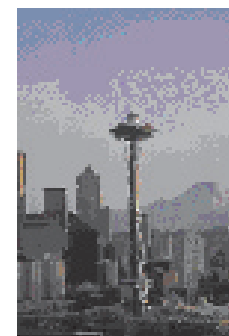

- 8:00am Liothyronine(T3), WT3 Therapy, D. Wilson, MD
- 10:15am Highlights of WT3 Therapy, M. Friedman, ND
- 12:00pm Lunch "on your own"
- 1:30pm Adaptogenic Herbs, M. Friedman, ND
- 2:00pm Hyperthyroidism, Pharmaceuticals, & Botanicals
M. Friedman, ND
- 3:00pm WT3 Therapy Case Studies, S. Wilcox, CNM
- 4:00pm "On your own"
- 7:30 to 9:30pm Orthomolecular Psychiatry Part 2
Abram Hoffer, MD

Sunday, October 17, 2004

- 8:00am Adrenal Hypofunction, R. Kupsinel, MD
 - 9:00am WTS Medicines, M. Friedman, ND
 - 12:00pm Closing remarks
 - 12:30pm End of Conference
- *Sign up to join us for Friday's dinner at a local restaurant. Roy Kupsinel, MD will perform a magic show.

Accommodations/Travel

Best Western University Tower Hotel is a stylish, 16 story boutique hotel, offering charming, panoramic views.

For Reservations, call
(800) 899-0251

Discounted room rates for Wilson's

Thyroid Syndrome Conference:

Single/double: \$99/night

Triple: \$109/night

Quad: \$119/night

Rates guaranteed until September 13.

Please let us know if you would like us to share your name with other attendees wishing to share a room.

Other accommodations: Bed & Breakfasts
Green Tortoise Hostel \$22 (888) 424-6783

Transportation to the Hotel:

Shuttle Express: \$19 (45 min to 1 hour).

Hotel Town Car: \$35 (30 min).

Taxi: \$45.

Conference Registration

You can **register online at**

www.wtsmed.com/Products/Seattle.htm

or **register by phone** (800) 420-5801

Contact e-mail: seattle@wtsmed.com

Conference Fees

Before Sept. 1		After Sept. 1
\$350	Health Professionals	\$400
\$250	Attended Maui Seminar	\$300
\$150	Student (*w/valid ID)	\$150
\$ 80	Evenings Only	\$ 80
\$ 40	Evenings Only Student*	\$ 40
